## GLOBAL RESULTS EUROPAN 10

19 COUNTRIES

62 SITES

2430 ENTRIES

431 PRESELECTED PROJECTS

123 WINNING TEAMS : 56 WINNERS AND 67 RUNNERS UP

85 HONORABLE MENTIONS

### Extract of rules of the competitions EUROPAN

**2.4.1.3 How the juries work** Jury decisions are final subject to compliance with European rules.

Each jury meets in two separate sessions at different times.

-At the first session, it shortlists a maximum of twenty per cent of the projects entered

-At the second session, it examines all these projects and chooses the winners, runners-up and entries for honorable mention.

Each entry is judged on its merits alone and the winning teams ([listing 1 : winners and runners-up](#)) are not chosen on the basis of an equal distribution between sites. The jury can distribute prizes among entries up to his will and can decide not to award all the prizes.

Winners will receive prize money amounting to the equivalent of €12,000.

Runners-up will receive prize money amounting to the equivalent of €6000.

The jury may single out projects for honorable mention ([listing 2 : honorable mentions](#)). The authors of projects that are given an honorable mention do not receive prize money.
