PUBLICITY FOR THE EUROPAN 14 COMPETITION

National Europan website, websites and mailing lists of Zagreb Architects' society and Croatian union of architects, and in daily newspapers and Public Procurement Gazette.

LEGAL PROVISIONS FOR FOREIGN ARCHITECTS

European union's principle on the free movement of persons implies that member states' citizens' can work in other member states, as well as in Norway, Iceland and Lichtenstein and in certain cases Switzerland, without having to obtain a working permit.

Following the reciprocity principle, citizens of the member states that stipulate limited employment rights for Croatian citizens in the interim period can't get employment in Croatia without a special permit.

PUBLICATIONS FOR THE EUROPEAN COMPETITIONS

Results

Architecture journal Man and space (Covjek i prostor), brochures (E10 and E11)
Results brochure, European Hrvatska website

Implementations

None so far

IMPLEMENTATIONS

European 5

Vukovar – Implementation procedure was begun, the winning team signed the contract, but the project remains unbuilt.

European 7

Rijeka – Implementation by the winning project in form of the Detailed Plan, still in procedure.

European 8

The implementation phase started in 2011. The winning design was adapted to the needs of the developers. The project did not reach the construction phase.

European 9

No implementation to this day.

European 10

No implementation to this day.

European 11

Dubrovnik – After the competition, the winning team are in contact with the city government; a workshop was organized to analyse the entries and the programme. The Conservation study is planned for the end of 2016. After the programme is redefined, the next step is Heritage Impact Assessment study (HIA).

European 13

Zagreb – The City of Zagreb has organized a workshop with the winning teams and jury members, outlining the upcoming steps in the implementation process.
