### PUBLICITY FOR THE EUROPAN 15 COMPETITION

Article + advertisement in Arkitekten, banners on the websites of Europan Sweden, [www.europan.se](http://www.europan.se), and Architects Sweden, [www.arkitekt.se](http://www.arkitekt.se). Invitation to all architects under the age of 40 in Sweden and start meetings / presentations in Stockholm, Gothenburg and Malmö.

### LEGAL PROVISIONS FOR FOREIGN ARCHITECTS

In Sweden the title "architect" is not protected, nor is the profession. Anyone can apply for a building permit. There are no legal restrictions to foreign architects

exercising their profession in Sweden or having their projects implemented. It is however common that foreign architects in this situation for practical reasons collaborate with a Swedish architect.

In European, the competition rules stipulate that each team must include an architect. For the Swedish competition sites, this is defined as someone who has a university degree in architecture (with a masters level or equivalent). We will allow all educations that Architects Sweden approve for a professional title. If the degree is non-European, the competitor must also be a member in a European professional architectural organisation affiliated to UIA or ACE. The team must be able to show documents to support this on request.
