Questions:

Question 1: How many inhabitants does the site have?

Answer: At the moment there is only a handful of people living in the area, in the completion brief we have illustrated how many people could be living and working in the area in the future. This is only a typical demographic example not a requirement to fulfill.

Question 2: What is the time schedule for closing and tearing down the sewage treatment plant?

Answer: The plan is that the plant will be removed by 2020 and that a new school can on the same site ca open in 2022

Question 3: How big is the shoe factory and when did it close?

Answer: The factory is 7000 m² and closed in the 1990s but some specialist dancing shoes are still being sold. The factory is still owned by the original family but will soon be for sale.
