DIGITAL SITE VISIT
KARLSKOGA (SE)
19/05/2021

Site representative(s) present: Bosse Björk, head of strategic urban planning in Karlskoga
Ann Dakovic, City Architect in Karlskoga

Number of participants: 12 Digital
3 Physical

Information / presentation by site representatives:

The site visit was a digital event that was held through Zoom. The site representatives were giving detailed information about the site and the challenges relevant for the competition task. The site visit was made by car with a few stops where the participants got to see various important places on the site. Karlskoga had made a map of the tour which the participants got before the site visit. For more detailed information, please see the full presentation:
