1st Question: Are there any plan documents (especially floor plans) of the vacant buildings in the competition area?

- Answer: In the competition area, as far as the private buildings are concerned, there are no documents. As far as the processing area is concerned, there are already some documents, but it should be noted that these desolate buildings in particular are hardly worthy of renovation. The expenses would be very, very high and we have here very strong wetness to register and there are static problems, since the owners acted very improperly and removed walls, so that we assume that these buildings are removed and new buildings can be build.

2nd Question: Is there a cadastral plan or a list of ownership, i.e. what is in public hands, what is private or belongs to the church?

- Answer: Yes, we have such a plan and we will make it available.

3rd Question: Are there any documents on the adjacent properties or information on the owners of the properties that can be made available?

- Answer: Unfortunately, we cannot name the owners for reasons of data protection law.

4th Question: Is there any information on the cellars in Lorenz-Hutschenreuther-Strasse, if they are not privately owned? This concerns the parcels 804/7; 805/8; 804/4 and 804/9.

- Answer: These cellars are all privately owned, so we do not have any documents on them either.
