Dennis Jonsson, Controller, Municipality of Piteå  
Jessica Nilsson, Project manager, Municipality of Piteå  
Johan Folkesson, Head Architect at Trafikverket  
Pär Fleuron, project manager North Botnia Line at Trafikverket  
Britta Pedersen, landscape architect at Trafikverket

**Number of participants:** 1 Digital  
0 Physical

**Information / presentation by site representatives:**

The site visit was a digital and physical event that was held through Zoom. The site representatives were giving detailed information about the site and the challenges relevant for the competition task. The site visit was made by foot with a few stops where the participants got to see various important places on the site. The site representatives had made a map of the tour which the participants got before the site visit. For more detailed information, please see the full presentation:
